**1092** Total Hotline Calls

**687** Legal Services

**Hotline Calls: Referrals and Technical Assistance**

**ABOUT US**
Together, we have the strength!

Founded in 1980, the Mississippi Coalition Against Domestic Violence is the leading statewide resource on issues relating to domestic violence in our state.

The Coalition’s primary mission is to bring about social change through advocacy, technical assistance, and public awareness. We do this by working to change societal attitudes and beliefs through awareness and prevention activities in communities throughout Mississippi. Moreover, we are tireless advocates for public policy that supports victims. Though the Coalition itself does not provide direct services, we are proud to support a statewide network of 12 certified member shelter programs through technical assistance and capacity building. Further, we operate as a referral service, connecting those in need of assistance with member programs.
