ABOUT US

Together, we have the strength.

The mission of Mississippi Coalition Against Domestic Violence is to bring about social change through advocacy, technical assistance, and public awareness. Our goal is to increase access to services for survivors of all backgrounds, increase awareness by educating the public on the causes of intimate partner violence, and ultimately eradicate domestic violence all together.

Impact

MCADV provided resources to multiple communities by collaborating with various partners through outreach events, state conferences, and summits. Providing resources through these relationships allowed us to make an impact on diverse populations across the state.

Through our Teen Program, we provided Teen Dating Violence Prevention resources to schools, mental health providers, and other youth organizations throughout Mississippi.
