

# Training

MCADV continues to focus on providing support and resources to victim service providers, advocates, and our member shelter programs, helping them service the culturally diverse communities in our state. Our trainings are led by subject matter experts and are designed to fit the specialized needs of each organization.

# ABOUT US

At MCADV, we believe all Mississippians deserve a life free from violence. Our mission is to bring about social change through advocacy, technical assistance and public awareness. Although MCADV itself does not provide direct services, we are proud to support a statewide network of 11 certified member shelter programs. We work with support groups, advocates, and service providers to increase access to assistance for survivors of all backgrounds, advocate for policy and community change, and educate the public on the causes of intimate partner violence. Our principal goal is to ultimately eradicate domestic violence.

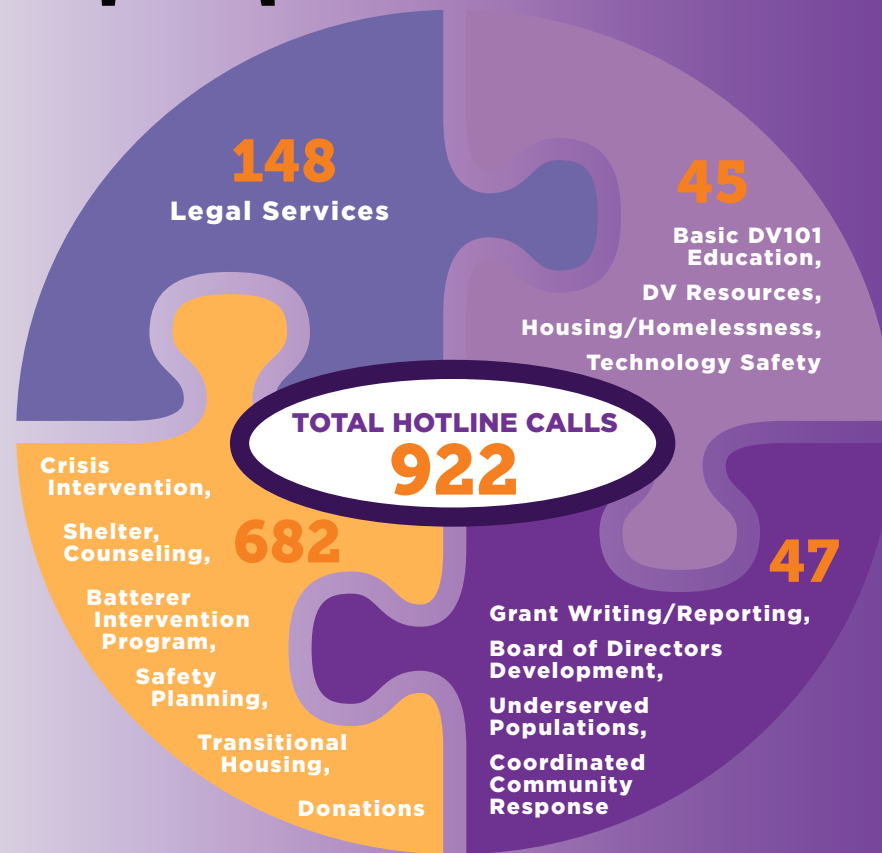

**Together... we have the strength.**
